# ENVIRONMENTAL PROTECTION OPTIONS

New Vehicles (Two Model-Years Old or Newer)

## XZILON EXTERIOR PAINT PROTECTION

Shields your paint finish against damage from acid rain, road salt, bird droppings, tree sap, road tar, oxidation and fading. The sealant eliminates the need to wax your vehicle and also protects from harmful UV rays.

**\$599**

10 YEAR WARRANTY.

## RUST INHIBITOR

Fighting rust is a must. Despite advances in auto manufacturing, you need corrosion protection that exceeds the manufacturer's limited rust warranty. Our electrochemical formula bonds permanently into all crevices, cavities, and all other rust prone areas. No holes drilled and only one-time application.

**\$599**

10 YEAR WARRANTY.

## FABRIC & LEATHER PROTECTOR

Specially formulated to protect your fabric or leather against permanent stains from food and beverage spills, it's like having invisible seat covers. The protector penetrates and coats individual fabric fibres to repel liquids and allow for easy clean up.

**\$599**

10 YEAR WARRANTY.

## SUNTEK PROTECTION FILMS

Help protect your vehicle's paint finish from harsh conditions that mar it, such as stones, sand, road debris and bug acids that eat away at one of your biggest investments.

### FRONT PROTECTION

Protection on fenders and hood, headlights, mirrors, front bumper, rear bumper, trunk strip and door handle cups.

**\$1,295**

### EXTENDED FRONT PROTECTION

Includes the aforementioned areas of Front Protection and extends to full hood and full fender coverage.

**\$1,995**
